

— TEE TINY HOUSES —
THE HEBERT'S CAMP

Multiple options. Sleeps 5+ people.
Sleeping accommodations on first floor.

A CAMP THAT FEEDS AND SLEEPS A CREW

The Hebert's Camp is a Tee Tiny House original design for those who need plenty of space for guests to sleep and a roomy kitchen for cooking big meals.

An ideal hunting camp, fishing camp or bunk house, The Hebert's Camp is finished with sealed cedar and a metal roof, giving it a rustic, casual appeal. As with all Tee Tiny Houses, it is handcrafted by experienced craftspeople and is perfect for those looking for a mobile camp. Built on a heavy-duty, high-quality trailer with solid framing and construction, this model is a superior product designed to withstand the elements.

The Hebert's Camp offers several configurations, allowing us to customize the unit to meet your needs. The camp can comfortably sleep up to six and is 312 square feet of air-conditioned space.

The Hebert's Camp is built on an 8' x 24' premium-quality trailer. Each unit arrives ready for water, electrical and sewage hookups or can be outfitted to work off-grid.

Example of exterior finish to be used on The Hebert's Camp.

The Hebert's Camp can be custom-made to suit your taste.

Perfect for a hunting or fishing camp, bunk house, guest dwelling or large family.
